PORTAGE

The clean, basic design and product breadth of our new Portage collection means this line has something for just about any space and any need. It incorporates a simple yet fun design combining a round- or square-perforated look with rolled edging, creating a soft and welcoming appearance.

While the look may be soft, its build quality is anything but. Underneath the Portage collection's clean and streamlined appearance is Urbanscape's strong and rigid all-steel framework, topped off with our revolutionary powder-coating process. Add it up, and the Portage gives you a simple design adaptable to a wide variety of environments, with unbeatable durability and quality.

 For plastisol version, see Prestige series page 24.
